

WALKWAYS

moving INDY forward

JOIN US FOR A COMMUNITY CINEMA AND PEDESTRIAN PLAN OPEN HOUSE

WalkWays is an initiative to make Indianapolis more walkable and to get more people walking. The City of Indianapolis, Marion County Public Health Department and Health by Design partners are working to develop our community's first pedestrian plan, with a long-term vision for a more walkable and healthy Indianapolis. The plan will establish clear, equitable, data-driven priorities for future investments in pedestrian infrastructure and programs, making our community safer and more accessible for people who travel by foot.

As part of this planning process, we need to hear from you! Please join us to start the conversation.
